

Power supply unit 12V - 3A

Device that converts alternating current into direct current to feed a multiswitch or also several optical LNBs (using a coaxial splitter).

Ref.	732802
Logical ref.	MS-NT1228
EAN13	8424450182956

Packaging info

Box	1 pcs.
------------	--------

Physical data

Net weight	228.00 g
Gross weight	228.00 g
Width	55.00 mm
Height	143.00 mm
Depth	39.00 mm
Main product weight	168.00 g

Highlights

- 3 A maximum current
- European design, quality, and manufacturing
- Mountable on standard DIN rail or screwed to the wall

Main features

- Plug-in power supply
- 196 VAC-264 VAC supply voltage
- 12 V output voltage
- Wide range of operating temperatures
- Limited size

Technical specifications : Ref. 732802

Plug type		EU
Input voltage	Vac	196 ... 254
Mains frequency		50 Hz / 60 Hz
Output voltage	Vdc	12.5
Max. output current	A	2.8
Operating temperature	°C	-5 ... 45
Protection index		20
