### Main features

- Zinc coating + colour paint: oven-lacquering with polyester electrostatic powder
- Mast max. diameter: 46 mm

### Additional information

(Click to see the picture)

Mounting details

It consists in fixing the lower section to the base, set it in upright position and levelling it. The subsequent Middle Sections are then mounted, equipped with the appropriate guy wires; the mounting is carried out by climbing on the previously mounted sections and hoisting the new section with the help of the appropriate lifting tools.
